We understand that when getting together in a social environment, the focus needs to be on good times and strong relationships. Showtime Event Group offers affordable gala menus across a variety of unique and stunning venues.

Everyone who books with us will receive a Dedicated Event Producer, who will be there to assist with the planning and share their considerable experience at every step of the way. We understand the need to keep ticket prices affordable and so have packages both with and without alcohol included.

Need some styling or entertainment?

We have you covered, and Showtime Event Group will fund the DJ and security for your event should you book for over 200 guests.
